## WORK EXPERIENCE

### Android Application Developer (6 month)

Kalyani Motors

August 2023 - January 2024

- Contributed to the development of the Super App, an Android application built with React Native.
- Product developer for 4 projects, focusing on enhancing applications for improved user convenience and friendliness.
- Responsible for writing efficient and reusable components
- Conducted Rest-API integration and executed manual testing to ensure the application's functionality and quality.

### Full Stack Developer Intern (10 month)

Virtusa

June 2022 - April 2023

- As a team, we developed an Inventory and Delivery Management System project.
- Acted as Team Leader, taking on additional responsibilities beyond coding, such as coordinating tasks, and ensuring the project's success.
- Encountered various technical challenges and problem-solving opportunities, both within the project and within the team dynamics.
